WHEREAS, the Board of County Commissioners of Indian River County, Florida, finds that the dramatic downturn of the local economy warrants measures to stimulate the local economy; and

WHEREAS, the Board of County Commissioners temporarily suspended five (5) impact fees from April 1, 2009 until March 31, 2011; and

WHEREAS, the Board of County Commissioners, temporarily suspended three impact fees for an additional one year from April 1, 2011 until March 31, 2012.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Indian River County, Florida that:

SECTION ONE: AMENDMENT OF CHAPTER 1000.

Section 1000.06 of Chapter 1000 of Title X of the Indian River County Code is hereby amended to read as follows:

Section 1000.06. Imposition.

- (1) Any person, who after the effective date of this ordinance, seeks to develop land by applying for a building permit or an initial concurrency certificate, shall be assessed impact fees and shall be required to pay all applicable impact fees in the manner and amount set forth in this title.

Exception: the imposition of impact fees for public buildings, correctional facilities, and solid waste facilities is temporarily suspended for the two year period from April 1, 2012 to March 31, 2014. NOTE: This exception applies only to applications for building permits and initial/final concurrency certificates needed prior to release of a site plan. The exception does not extend to applications for initial-1, initial-3, or initial-7 concurrency certificates not associated with the release of site plans. Applicable impact fees must be paid at the time of building permit

application or initial/final concurrency application. If a certificate of occupancy is not obtained within eighteen (18) months of issuance of the building permit, then no certificate of occupancy may be issued until impact fees for public buildings, correctional facilities, and solid waste facilities are paid at the then current rate.

- (2) No building permit or initial concurrency certificate for any activity requiring payment of impact fees pursuant to this title shall be issued unless and until all impact fees required by this title have been paid.
- (3) Any person, who after the effective date of this ordinance applies for an initial concurrency certificate or for a permit to set up a new mobile home, shall be assessed impact fees and shall be required to pay all applicable impact fees in the manner and amount set forth in this title.
- (4) No permit or initial concurrency certificate for the set up of a new mobile home requiring payment of impact fees pursuant to this title shall be issued unless and until all impact fees required by this title have been paid.

(1) Government uses are exempt from paying impact fees used to develop that same use. This is because legally, if the development does not create a demand for the facility, or indeed, mitigates the need for the facility, it should not pay the fee. In other words, a new jail will not pay the correctional facilities impact fee, a new fire/EMS station will not pay the fire/EMS impact fee, and a new government office building or office complex will not pay the public buildings impact fee, etc. Specific government uses that are not included in the schedule, such as a sheriff's office, will be classified under government office building or complex as appropriate. These uses will not pay the impact fee used to develop them (e.g., a sheriff's office will not pay the law enforcement impact fee, etc.).

(1) Government uses are exempt from paying impact fees used to develop that same use. This is because legally, if the development does not create a demand for the facility, or indeed, mitigates the need for the facility, it should not pay the fee. In other words, a new jail will not pay the correctional facilities impact fee, a new fire/EMS station will not pay the fire/EMS impact fee, and a new government office building or office complex will not pay the public buildings impact fee, etc. Specific government uses that are not included in the schedule, such as a sheriff's office, will be classified under government office building or complex as appropriate. These uses will not pay the impact fee used to develop them (e.g., a sheriff's office will not pay the law enforcement impact fee, etc.).
