RE: Ocean Concrete, Inc.

Dear Will:

Enclosed is a copy of the transcript from the public hearing before the Planning and Zoning Commission meeting of January 10, 2008, concerning Ocean Concrete's appeal of a denial of a request for extension of a site plan application. This matter will be brought before the Board of County Commissioners for review, within 30 days after the February 28 Planning and Zoning Commission meeting and hearing on denial of site plan approval. The appeal of a decision from the February 28 meeting will be filed no later than March 3, and both pending appeal matters will be scheduled for the March 18 Commission meeting.

Please make this transcript part of the official record for review by the County Commission.

Thank you for your assistance.

Sincerely,

Geoffrey D. Smith
